How to create POLIMI credentials

The screenshot shows the Polimi login and registration page. On the left, there are four blue buttons for different login methods: 'SPID login', 'CIE login', 'Login with eIDAS', and 'eduGAIN login'. To the right, under the 'Polimi Credentials' header, are input fields for 'Person Code' and 'Password', followed by 'Sign in' and 'Register' buttons. The 'Register' button is highlighted with a red box and a callout. Below the login options is a 'Stay connected' checkbox. At the bottom, there is an 'Authentication assistance' section with several links.

☐ Stay connected. ?

You're almost there!

You need to **activate 2 factor authentication (2FA)** and then you can start browsing POK. 2FA adds a layer of security to your personal space and protects you from fraudulent access in the event that your Polimi credentials are stolen.

NOTE: you will be asked for 2FA activation at the second login

The 2FA activation only takes a little bit of time, but it is not difficult! We will go through it in the next slides😊

2FA Activation

Memo:

On your **second access** to online services you will be asked to activate the 2FA.

After entering your credentials, you will be redirected and asked to use SPID or CIE:

1. expand the box below "Do you have problems with SPID or CIE?"
2. use the link "Declare and continue without SPID/CIE"

In the 2FA Activation page:

1. expand the box below "Can't use SPID or CIE?"
2. enter a text describing your problem in using SPID or CIE like "Not Italian citizen"
3. Click on **Declare and continue**

Servizi online

⚠ As an Italian citizen, you are obliged to access the Online Services through a SPID or CIE identity.

[Back to Login](#)

▼ Do you have problems with SPID or CIE?

You can temporarily activate Polimi two-factor authentication (2FA Polimi) following your declaration.

[Declare and continue without SPID / CIE](#)

2FA two-factor authentication activation

Access to Online Services requires the activation of two-factor authentication (2FA), also known as two-step verification. 2FA adds a layer of security to your personal space and protects you from fraudulent access in the event that your Polimi credentials are stolen.

2FA SPID/CIE/eIDAS

By activating this function you protect yourself from fraudulent access in the event that your Polimi credentials are stolen, as access to services is granted only to:

- any SPID identity (Poste, Sielte...) in your possession
- CIE
- eIDAS

The University credentials will in any case remain valid and useful for the configuration and use of some services (see [frequently asked questions](#)).

To use this function log out and re-enter the Online Services using SPID, CIE or eIDAS.

[Enable 2FA SPID/CIE/eIDAS](#)

▼ Can't use SPID or CIE?

You can temporarily activate **Polimi two-factor authentication via APP**. To access the Online Services you will need to enter, in addition to your University credentials, a One Time Password (OTP) generated by an APP installed on your smartphone.

To continue indicate the reason why you cannot use SPID or CIE.

Indicate the reason

[Declare and continue](#)

2FA Activation

Scroll down the page and reach the **2FA Polimi** section

Select the option **Enable 2FA Polimi**

2FA two-factor authentication activation

Access to Online Services requires the activation of two-factor authentication (2FA), also known as two-step verification. 2FA adds a layer of security to your personal space and protects you from fraudulent access in the event that your Polimi credentials are stolen.

2FA SPID/CIE/eIDAS

By activating this function you protect yourself from fraudulent access in the event that your Polimi credentials are stolen, as access to services is granted only to SPID, CIE or other eIDAS federated identities. Once SPID/CIE/eIDAS 2FA has been activated, you will be able to access online services via:

- any SPID identity (Poste, Sielte...) in your possession
- CIE
- eIDAS

The University credentials will in any case remain valid and useful for the configuration and use of some services (see [frequently asked questions](#)).

To use this function log out and re-enter the Online Services using SPID, CIE or eIDAS.

Enable 2FA SPID/CIE/eIDAS

2FA Polimi

Activating this type of 2FA means that the Polimi credentials (or the eduGAIN federated credentials) are made more secure by entering an OTP (one-time password) required after login.

Once you have activated 2FA Polimi you will be able to access the online services using the method you prefer and available to you:

- Polimi credentials followed by OTP
- eduGAIN followed by OTP (only people from other universities)
- SPID or CIE
- eIDAS

To activate 2FA Polimi you must have on your smartphone one of these OTP generator Apps:

- Android and iOS: Google Authenticator (recommended), Vip Access, FreeOTP Authenticator
- Windows (Phone e 10 Mobile): Microsoft Authenticator (recommended), Authenticator G, OTP Manager.

Enable 2FA Polimi

Enable 2FA Polimi (OTP via SMS)

Click on
Enable 2FA Polimi

Enable 2FA Polimi

To activate 2FA Polimi you must have on your smartphone one of these recommended OTP generator Apps:

- Android and iOS: Google Authenticator (recommended), Vip Access, FreeOTP Authenticator
- Windows (Phone and 10 Mobile): Microsoft Authenticator (recommended), Authenticator G, OTP Manager

and the execution of the two steps described below.

1. Set up the account on the APP

Open the APP to create the OTP and add a new account by following one of these two modes:

▼ Create account with QRCode

Scan this QR code, the account will be created automatically.

► Create account manually

2. Enter OTP provided by the APP

To end the activation, enter the OTP created by the APP and press Confirm

OTP Code

← Cancel

→ Confirmation

2FA Activation

Download and install one of the Apps required to generate the OTP code:

- Android and iOS:
Google Authenticator (recommended),
Vip Access, FreeOTP Authenticator
- Windows (Phone e 10 Mobile):
Microsoft Authenticator (recommended),
Authenticator G, OTP Manager

Follow the wizard to generate the OTP, then select **Confirmation** to complete the activation

YOU HAVE COMPLETED THE ENABLING PROCESS!

Now you can finally access POK 😊

Login staff

Do you have a **Polimi user**? Log in with your Polimi credentials. Are you a **student from another university**? Log in with eduGAIN: your institution may recognize the Open Badges you earn.

Your POK profile

Fill out your profile with the **requested information**;
then agree to the **privacy policy** and **terms of service** (required to access courses).

The screenshot shows a web interface for a POK profile. At the top, there are navigation tabs: 'Home' (highlighted in blue), 'Dashboard', and 'All courses'. Below the tabs is a list of profile sections: 'General', 'User picture', 'Additional names', 'Interests', 'Optional', and 'More information' (which is expanded). The 'More information' section contains four required fields: 'Gender *' (a dropdown menu), 'Date of birth *' (a date picker), 'Highest level of education completed *' (a dropdown menu), and 'Employment Status *' (a dropdown menu). At the bottom of the form, there is an 'Internal' section with two buttons: 'Update profile' (in blue) and 'Cancel' (in grey). A red rectangular box highlights the 'More information' section and the 'Update profile' button.

Fill out the form
And click on
Update profile

The screenshot shows a modal window with two sections: 'Privacy Notice' and 'Terms of Service'. Each section has a link to the full document (e.g., 'Privacy Notice' and 'Terms of Service') and a toggle switch for 'I agree to the Privacy Notice *' and 'I agree to the Terms of Service *'. Below the toggles, there is a red asterisk indicating a required field. At the bottom of the modal, there are two buttons: 'Next' (in green) and 'Cancel' (in red). A red rectangular box highlights the 'I agree to the Terms of Service *' toggle and the 'Next' button.

Give your consent
using the 2 buttons,
then click on **Next**

Your Dashboard ...Enjoy your learning experience!

Here you are in your **Dashboard** at last! It's empty now - it's time to fill it with your courses.

Move to **All Courses** page to navigate all available courses and **enroll**. Enjoy your learning experience!

Click on **All Courses** to navigate all available courses and enroll
